# INVESTING IN WASHINGTON COUNTY

# COMES NATURALLY

**At Pennsylvania American Water, our customers are at the center of everything we do. That's why we invest in our systems so that we can continue to provide safe, reliable water and wastewater service.** Last year alone, we invested \$490 million statewide to improve the water and wastewater treatment and pipeline systems. Of course, our reach extends beyond the pipelines. Our employees are active partners and supporters of many civic activities, charitable events and environmental programs, because we care about the communities we serve.

**Water: Quality, care and value delivered in every drop.**

PENNSYLVANIA  
AMERICAN WATER

WE KEEP LIFE FLOWING®

## Moving The Energy That Keeps America Moving

Equitrans Midstream is one of the largest natural gas gatherers and transmission pipeline operators in the United States - and we are proud to call Pennsylvania home!

With a long history of responsible pipeline construction and operation, Equitrans Midstream values the teamwork of our employees and contractors, and respects the partnerships we've created with landowners and communities as we work to safely transport our region's abundant energy resources.

**Equitrans Midstream . . . We Move Energy!**

[equitransmidstream.com](http://equitransmidstream.com)

# There are partners. Then there is Russell Standard.

Rest assured, when it comes to a partner you can trust in asphalt materials and pavement preservation, look no further than Russell Standard. Visit [RussellStandard.com](http://RussellStandard.com) and find out how we are truly unmatched all the way around.

# Dirt, Gravel, and Low Volume Roads Program

## Better Roads, Cleaner Streams

PA's Dirt, Gravel, and Low Volume Roads (DGLVR) Program provides local road owning entities grant funding for road and environmental improvements on unpaved dirt and gravel roads as well as paved low volume roads.

Get funding for your next project. We can provide grant funding to Municipalities for stream crossing replacements, general road drainage, road base repair, road slides, and other road infrastructure.

# MOVING AMERICA'S ENERGY

We are proud to operate in Washington County. With nearly 3,000 miles of pipelines and associated infrastructure in the commonwealth, as well as a world-class energy terminal, our 900+ Pennsylvania employees uphold our core values and beliefs in everything they do. This means operating to the highest standards and always putting safety first.

We have invested billions into the state of Pennsylvania through pipeline development, and we are proud to be a partner for long-term economic benefits in Washington County.

Coordinate PA is a web application developed by Pennsylvania One Call System to support public works, utility project planning and utility coordination within the Commonwealth of Pennsylvania. Users utilize a spatial, map-based system to view underground utility and public works projects, identifying opportunities for coordination and collaboration when projects overlap in space and time.

---

**Coordinate PA Benefits:**

- Define projects using a web application  
(No special software required!) Store project data and records in a secure repository
- Gather and disseminate information to a broader range of stakeholders beyond project planners and public works officials
- Coordinate and collaborate on projects outside your scope of responsibility, saving money and improving service for all parties
- Request meetings and upload documents associated with a complex project
